Yours Sincerely,

Gen. Dahlan Al Hamad
President
Asian Athletics Association

Welcome to Bangkok!

2023 is the Golden Year for Asian Athletics. The Asian Athletics Association (AAA) is celebrating its Golden Jubilee (1973-2023) this year. The Athletics Association of Thailand is entrusted with hosting the a) 100th AAA Council Meeting, b) 25th AAA Congress and c) 25th Asian Athletics Championships in Bangkok this July.

The Athletics Association of Thailand successfully organised many of the prestigious AAA competitions earlier such as the Asian Indoor, Youth and Junior Athletics Championships, as well as a number of Asian Grand Prix series. However, it is the first time that we have been entrusted with hosting the flagship event of the AAA, the Asian Athletics Championships in Bangkok from 12 to 16, July.

Athletics in Thailand has a reasonably long history with success came from the very first edition of the Asian Championships held in 1973 in Marikina (Philippines) where our athletes won 2 gold and an equal number of silver medals to open their account. Anat Ratanapol, the inimitable sprinter, won the two gold medals through his emphatic victories over 100 and 200m races.

The competition, the passion and the dedication of athletes and their coaches, officials and volunteers, and the much important fan-followers who love Athletics have taken our sport to evolve greater heights through the years.

I am confident that everyone who is involved or coming to witness the five days of a sporting fiesta in the National Stadium will return with fond memories and great satisfaction.

I hope that this Statistics Handbook, which chronicled the achievements of our athletes from the past, will satiate the needs of everyone concerned.

With these few words, I welcome you all to have a pleasant stay and enjoyment during your stay in Bangkok.

**Pol.Gen. Sant Sarutanond
President
Athletics Association of Thailand**

Editor's Note & Acknowledgments

In 2023, the Asian Athletics Association, and its flagship competition Asian Athletics Championships, are celebrating their Golden Jubilee.

Thailand, the host country for this year's Asian Athletics Championships in Bangkok, is one of the nine member federations of the AAA that has taken part in ALL the editions of the above championships held since 1973. Others are Hong Kong, India, Indonesia, Japan, Korea, Malaysia, Philippines and Singapore.

In 1973, athletes from Thailand dominated the sprint events. Anat Ratanapol had a "golden double" by winning 100 and 200m. He repeated the feat two years later in Seoul-1975. His successor Suchart Jaisurabharp had a hat-trick of victories in 100m in the next three editions of the championships held between 1979 and 1983. Everyone is eager to see if another Thai sprinter emerge in Bangkok'23. They played their cards on the young and upcoming star Puripol Boonson to carry the baton of hope and triumph from now on.

Thailand, was playing host to many important international competitions such as the Asian Games, the South East (Peninsular) Asian Games and a number of AAA events such as Asian Indoor, Asian Youth (U18), Asian Junior (U20) championships as also many of the Asian Grand Prix athletics series in the past.

In 2023, the Athletics Association of Thailand (AAT) is entrusted with organising the 25th Asian Athletics Championships from July 12 to 16. Prior to the championships, the AAT will also host the 100th AAA Council Meeting and the 25th AAA Election Congress in Bangkok. With their exceptional skills in organising mega events, Thailand will make the above conventions and championships memorable for years.

Contents of this book:

This Statistics Handbook, produced on the occasion of the Asian Athletics Championships, was hugely inspired by various Statistical compendiums published by the *World Athletics* and excellently edited by my long-time friend **Mark Butler** for the past several years.

I had my first glimpse of Asian athletics when I had the opportunity to read **Rolf von der Laage's** excellent *SAATFA News Bulletins* and his well-documented *Asian Track & Field Yearbooks* during my school days.

The Asian Athletics Digest, published by **Datuk G S Kler** and his son **Balwant Singh Kler** – both of them served as Official Statisticians for AAA in successive terms – it was also an important newsletter that documented the early days of the Association and the happenings in the Asian Athletics movement.

The AAA itself published its own quarterly newsletter, Asian Track & Field News, for many years before turning into the digital era with its excellent website www.athleticsasia.org filled with the latest information and activities of the association. I fondly remember the support extended in the past by the then AAA Secretary Mr. Maurice Nicholas and his staff Ms. Regina Long in sharing the required info.

In this handbook, you may find a List of Past Medallists, Best National Placings per event, an Index of Countries that took part in the previous editions of the championships with country-wise medal tally and best performers' chart. You may also find an event-wise comparison table of the Asian Records and Asian Championship Records.

However, we have decided to keep some other sections like the Asian All-Time Lists and the National Records, etc., for Special Start Lists to be published the night before each day's competitions to be published in Bangkok.

List of Past Medallists:

In this section, you may find the list of all medallists in all events conducted during the past 23 editions of the championships. It includes some of the now-discontinued events for reference purposes.

The medallists who underwent doping disqualifications, either from an “in competition” test or through any retrospective sanctions from an earlier date have been excluded from the list and the other minor medallists were upgraded to occupy the upper place. We indicate such changes with a “▲” in the respective year of competition for each event.

Best National Placings:

This section gives information about the best order of finish (in finals or qualifying rounds, as the case may be) for each nation in each event. Here again, the “▲” symbol shows the change/upgrade in the order of finish following the disqualification of the other athlete concerned.

Country Index:

This section shows a list of countries that participated in the past editions of the Asian Athletics Championships in alphabetic order per their three-letter country codes with their year of participation. A separate medal table for each country in each edition is also included. For countries that did not win any medals so far, the best performer in each division is enclosed for ready reference. Wherever relevant, the country-wise medal tally was also adjusted if any doping disqualifications occurred in the past.

Acknowledgments:

I principally acknowledge the support received from **Heinrich Hubbeling**, the Asian AA Statistician, who for the past 35 years compiled the annual and all-time Asian Ranking Lists besides running a periodical Results Service. A great deal of information was provided by Mirko Jalava (*Tilastopaja*), Michel Saint-Raymond (*AthleRecords*), Sevet F. Erbay (*Athletics Podium*), Peter Matthews (*Athletics International*), Winfried Kramer (*National Records for All Countries in the World*), Alfonz Juck (*EME News*), David Monti (*Race Results Weekly*), Marco Buccellato (*Atletica*), Tony Hunt (World Junior Athletics), Jurgen Schmidt, Michel Naze and Stephen Sprague.

Mark Butler, Richard Hymans and Paul Jenés for their inspiration and encouragement from time to time. I gratefully acknowledge Felix Capilla, Paco Ascorbe, K. Ken Nakamura, Yoshi Oikawa, Nestor Calixto, GGU Saman Kumara, Dronacharya V.R. Beedu and Rahul D Pawar for providing me with the results.

Many of my friends associated with the *World Athletics* supported me in my work on various occasions. For that, I would like to thank Ottavio Castellini, Sean Wallace-Jones, Chris Turner, Anna Legnani, Laura Arcoleo, Imre Matrahazi, Carlo de Angeli, Jessica Whittington, Bob Ramsak and Jon Mulkeen.

Association of Track and Field Statisticians, in which I am a member since 1982, for moulding me into who I am today.

Last but not least, to the Asian Athletics Association, especially to its President Gen. Dahlan Al Hamad and Secretary-General Mr A. Shuggumarran for having permitted me to produce and edit this statistics handbook on behalf of the AAA.

A work of this nature takes a great deal of time and energy, and hence errors are likely to creep in. I shall be highly thankful if you could send any additions, corrections and comments to my email sportsmurali@gmail.com and/or sec@asianathleticsassociation.org

I am confident that this handbook will be useful to the fans, media and officials in following the 25th Asian Athletics Championships in Bangkok. I take this opportunity to wish all participants, officials and the organisers every success.

BEST NATIONAL PLACINGS

This section shows **the best position achieved by each country in every event** in the Asian Athletics Championships held since 1973. In each event, the best-achieved order of finish by a team's athlete appeared after the three-letter abbreviations of the respective member federation.

If a team's athlete did not obtain a place in the final, the best result from previous rounds has been listed. For example, 4h6 means fourth place in the heat number six of the competition. 6s2 denotes the sixth-place finish in semi-final number two, while 3q4 means a third-place finish in quarter-final number four. In field events, a "q" after the numeric denotes the best-achieved place in a qualifying round.

Performances of athletes from countries and territories that are either incorporated into another member federation or left the Asian Athletics thereafter have been listed separately under the bottom portion of each event.

If a country or territory is renamed after a few editions, the athletes from such teams are listed under the latest abbreviations of their team concerned.
